## This would be a Luxury to millions overseas

A bottle of milk, a loaf of bread, a potato—all the basic foods we take for granted—would be a luxury to millions of people overseas.

The problem of food is not one: So is clothing, shelter, the lack of equipment to build lives anew. These problems touch people of all ages, races, colors—the victims of displacement, earthquakes, poverty, flood, famine, war.

How can you help? Give support to the overseas aid program of your religious faith. These programs provide food (yes, even milk), tools, clothing, homes, jobs, farm machinery, education and medical training. When your religious faith makes its appeal—give generously—you give hope to the millions.

## BG Hospital Auxiliary

The Auxiliary reminds its many friends in Belle Glade and suburbs who have not given their annual contribution, that friendship is always a sweet responsibility, never an opportunity.

They ask you to keep in mind a recent notable quote, "Goals for Americans."

Each and every community in these great United States of America must do the issue, What Can I Do For America? Why should we not in Belle Glade be proud to share by extending a hand to assist the local hospital auxiliary whose members strive daily to bring the silver to every cloud.

Your humanitarian attitude can go along way towards a goal and a purpose in life—Nana Baile.

**Cross State Waterway Feeder Deeper-Wider**

Announcement is made that the U. S. Engineers at Jacksonville have let a contract calling for the Intracoastal Waterway from Ft. Pierce to Stuart to be deepened to ten feet and widened to 125 feet.

The same announcement advises that the waterway will be brought to the same width down to Miami.

Aside from making this transverse waterway more attractive to boaters from the north, it makes the approach and exit from Lake Okechobee more appealing to boaters who are looking for "places to go" on short trips.

When the depth and width are increased to Miami and the lower east coast, ideal weekend or ten-day trips into Lake Okechobee, the loop to Ft. Myers, up or down the west coast and return, either thru the Lake or around Florida's southern tip, will be attractive.
